WHO ARE THE MEDIATORS?

CCDS Mediators are volunteers who have been certified per the CA Dispute resolution Programs Act. They have many years experience and have been trained to remain neutral, listen and assist you with resolution.

MEDIATION IS HELPFUL IF:

- ◆ You are willing to participate and listen to find out what everyone needs
- ◆ There is no real threat of violence.
- ◆ Both parties are willing to look for solutions that benefit everyone

WHAT KINDS OF DISPUTES ARE APPROPRIATE?

Many types of conflict can be mediated. For example issues revolving around:

- ✓ Fences
- ✓ Trees
- ✓ Noise
- ✓ Property damage
- ✓ Personalities

I liked the ability to talk without any yelling or screaming involved

E. Belmont

The mediators helped me see the other parties side. I saw that things were not as clear as I thought. They served as a sounding board. I'm happy how things worked out.

M. Chung

I liked the way we opened up the channels of communication.

The people involved were very nice, polite and very professional.
